PHOTOGRAPHIC INTELLIGENCE MEMORANDUM

GENETRIX PHOTOGRAPHY

*Overlays in  
map case*

Aerial photographs, mosaics, and reports are received periodically in RR/GP as part of project GENETRIX (Confidential). The photography resulting from this project includes coverage over areas not previously photographed.

RR/GP is summarizing this information so that all offices within CIA may be advised of the extent of this photographic coverage. This summary is intended to serve as a basis for any requirements which interested offices may levy on RR/GP.

Supplements will be issued periodically listing all new coverage as it becomes available.

Enclosures:

1. National Geographic Map, Asia and Adjacent Areas. March 1951.  
Scale 1:15,000,000.
2. Overlay indicating the extent of photographic coverage.  
Numbered areas are keyed to the following list.
3. A list of the areas and targets covered by the photography.
